

H20. Rural – Waitākere Foothills Zone

[ENV-2016-AKL-000243: K Vernon]-Note: The definition of “height”, in relation to the exclusions, is subject to appeal.

H20.1 Zone description

The Rural – Waitākere Foothills Zone covers the area between the developed, urban part of Auckland and westward to the bush-covered part of the Waitākere Ranges. It includes the mixed rural and natural landscape of the eastern foothills catchments of Ōrātia, Opānuku, Swanson South and the upper Kumeu streams, excluding the relatively contiguous bush cover of the upper catchments and ridges. It forms a visual buffer between metropolitan Auckland and the bush-clad core of the heritage area. Activities include a mixture of vineyards, orchards, dwellings and pasture. Limited settlement is allowed where it does not cause adverse effects on the heritage features. Opportunity exists for the development of a walkway linking Titirangi to the Swanson Railway station and for the restoration of streams within the foothills.

H20.2 Objectives

- (1) Activities, development, and subdivision in this zone achieve the objectives of the Waitākere Ranges Heritage Area Overlay in D12.2.
- (2) Land is used and developed to achieve the objectives of the Rural – Countryside Living Zone unless otherwise specified in objectives H20.2(1), (3) and (4).
- (3) The Rural – Waitākere Foothills Zone retains a rural character with low-density settlement and few urban-scale activities.
- (4) The Rural – Waitākere Foothills Zone provides a rural and visual buffer between urban Auckland and the forested ranges and coasts.

H20.3 Policies

- (1) Require subdivision, use and development to achieve the policies of the Waitākere Ranges Heritage Area Overlay in D12.3.
- (2) Provide for use and development which supports the policies of the Rural – Countryside Living Zone unless otherwise specified in policies H20.3(3) to (11).
- (3) Provide for buildings and activities that:
 - (a) avoid, remedy or mitigate adverse effects on views to the Waitākere Ranges, the rural foothills and the western skyline of Auckland;
 - (b) are compatible with the amenity values, rural character and the natural landscape;
 - (c) retain a rural buffer between the bush-clad and urban parts of the city;
 - (d) avoid, remedy or mitigate effects on ecosystems, including native vegetation and habitats of native fauna;

- (e) do not lead or contribute to urban expansion and/or the fragmentation of rural character; and
 - (f) contribute to and enhance the ongoing productive use of rural land, and the restoration of degraded terrestrial and aquatic ecosystems.
- (4) Provide for a diverse range of rural activities that have a clear connection with the resources, communities or the natural or rural character and amenity values of the Waitākere Ranges Heritage Area.
- (5) Limit retail activities outside of the Ōrātia Village to home occupations, nurseries, garden centres, food and beverages, visitor accommodation and agricultural and horticultural produce.
- (6) Enable rural activities that have a clear connection with the community and its resources or maintain connections with the foothills' productive past, including retaining and maintaining farming, orchards, vineyards and shelterbelts, and designing landscape elements of new activities to reflect the Waitākere Ranges Heritage Area's history and pattern of development.
- (7) Maintain a clear contrast between the urban parts of the city and the foothills through design and location of subdivision and development.
- (8) Provide for limited subdivision and/or development where this:
- (a) protects and enhances streams, lakes, watercourses, and wetlands and their margins;
 - (b) restores low-quality areas of vegetation or provides for revegetation of bare areas along waterway margins; or
 - (c) minimises vegetation clearance by locating buildings and development in areas of lower ecological value on the site.
- (9) Require subdivision design to:
- (a) incorporate on-site native vegetation planting;
 - (b) retain or link significant vegetation and fauna habitat areas; and
 - (c) avoid adversely affecting the visual, historic, cultural, or spiritual significance of heritage features.
- (10) Provide for legal and physical protection of native vegetation to ensure these areas are protected in perpetuity, including, where necessary requiring fencing to achieve permanent stock exclusion.
- (11) Provide for the establishment of the indicative foothills walkway and connections from it to existing walkways.
